## COLLAPSE OF HOTEL

RESPONSIBLE FOR DEATH OF  
NINE WORKMEN AT LONG  
BEACH, CAL.

## SEVERAL OTHERS INJURED

Nearly a hundred laborers  
carried down in ruins  
of structure.

Long Beach, Cal., Nov. 10.—With no warning save the cries of the workmen who first felt the floors sag beneath their feet, five stories of the central wing of the new \$750,000 Elmhurst hotel collapsed, carrying nine men to death in the tons of tangled wreckage. About 150 artisans and laborers were scattered through the structure when it fell, and of these nearly 100 were carried down in the ruins. Seven bodies have been recovered from the mass of debris in the basement and one of the injured died later at the Long Branch hospital. The last two victims were found at 8 o'clock p. m., and the rescue crews are still working in the hope of uncovering the body of a man supposed to be buried there. Nine injured workmen are being cared for at the hospital, but it is believed all will recover. All the men the contractor's roll are accounted for, save one, supposed to be still in the ruins. The dead are: E. M. Perkins, Carlton Brashear,

## The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famous medicines leaving the great laboratory at Buffalo, N. Y., has printed on its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicine in a class all by themselves. They are not to be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are giving, and that the ingredients are those endorsed by the most eminent medical authorities. The further fact that neither Dr. Pierce's Golden Medical Discovery, the stomach tonic, liver invigorator, art regulator and blood purifier, nor his favorite "Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves. Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, tritave, antiseptic, and a most efficient stimulant. Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and tend to cure. Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them, people who would not think of using an ordinary patent, or secret medicine, very ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement on leading medical writers of the several schools of practice. No other medicines put up for like purposes has so much professional endorsement. Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

A. Bensenso, Albert Hartle, one unidentified man and L. M. Phillips. The injured are E. P. Watson, F. M. Schulte, Alex. Bavay, George Parker, F. H. Imlay, H. G. Rinabarger, J. J. Walsh, — Nicholson and Alex. Zosay.

Immediately after the collapse the Southern Pacific, the Salt Lake and Pacific and the electric railroads sent crews of laborers to the scene and under the direction of City Marshal Young, Mayor Downs and Contractor Spalding the task of removing the wreckage was begun.

Pitiful scenes were enacted among the throngs who stood outside the lines waiting for news. An aged mother sat all day long on the bluff overlooking the hotel, weeping and watching for the body of her son.

Electric lights were placed over the wreckage that the work of searching for bodies might not be interrupted.

## EN ROUTE FOR THE ISTHMIUS.

Battleship Louisiana, With the President Aboard, Passes Hatteras.

Washington, Nov. 10.—Advices received in Washington show that the president, who is aboard the battleship Louisiana headed for the Isthmus of Panama, is well on his way there. The transfer from the yacht Mayflower, on which the start was made from Washington, to the Louisiana took place in Chesapeake bay. The ship passed out the capes to sea early in the morning and at noon passed Cape Hatteras. The latest news given out by Secretary Loeb concerning the whereabouts of the vessel was contained in the following dispatch from Captain Couden, commanding the Louisiana:

"At noon the Louisiana passed Cape Hatteras. Sea smooth. All well."

Secretary Loeb expects but one message a day from the president unless circumstances intervene which require more frequent communications. Any matter which requires the president's personal attention will be communicated immediately to him by wireless telegraph.

Small budgets of the important news of the day will also be made up in Washington and sent to the president, so that he may be kept accurately and constantly informed of what is going on in the United States.

## WORK OF AN INCENDIARY.

Five Fires in Three Hours Cause a Panic in New York City.

New York, Nov. 10.—One woman is dead, a man in a hospital suffering from severe burns, 2,000 persons fled from their homes in panic and thousands more passed a sleepless night as a result of a series of incendiary fires in the two blocks bounded by Sixtieth and Sixty-first streets and Columbus and West End avenues. Scores of persons whose lives were endangered by the conflagration were rescued by firemen. In all there were five fires, every one of them incendiary, between midnight and 3 a. m.

The woman who lost her life was Mrs. Caroline Swain, seventy years old. She lived at 107 West Sixtieth street, adjoining one of the buildings which was fired. She died of heart failure, induced by fright.

Adrian Tompkins is in a hospital with his hands and feet severely burned as a result of climbing down a red hot fire escape. He is in a serious condition.

## COMPLETE RETURNS IN IOWA.

Give Governor Cummins a Plurality of 22,456.

Des Moines, Ia., Nov. 9.—Complete returns from the Iowa election show Governor Cummins, Rep., is re-elected by a plurality of 22,456. Cummins received 195,822 votes and Porter, his Democratic opponent, 174,366.

## RANGERS AMBUSHED

TEXAS TROOPERS FIRED UPON  
AT NIGHT BY A CONCEALED  
FORCE OF MEXICANS.

## LATTER BEATEN IN BATTLE

FOUR OF THEM KILLED, ANOTHER  
WOUNDED AND TWO OTHERS  
ARE CAPTURED.

Laredo, Tex., Nov. 10.—Four Texas rangers sent to Rio Grande City to quiet turbulent conditions there and investigate the assassination of District Judge Welch, which occurred the night before the election, were ambushed by a body of armed Mexicans between Fordyce and Rio Grande City late at night. The rangers were asleep in camp when awakened by a volley of shots from the darkness. A pitched battle ensued and four of the attacking party were killed, one fatally wounded and two captured. The rangers escaped unscathed.

Governor Latham has ordered a company of cavalry to Starr county and a special train is now carrying the troops on a fast run.

The situation in Starr county was brought about by alleged irregularities, due to political clubs supplying Mexican residents with poll tax receipts and insisting that they be allowed to vote. Judge Welch, who was assassinated Monday night, had gone from his home in Corpus Christi to be present at Rio Grande City on election day in an effort to prevent disorders. He was assassinated while asleep at night. It is charged that armed representatives of political clubs controlling the Mexican vote patrolled the voting places on election day and refused to allow members of the opposing faction to vote. Several shooting affrays occurred, but no one was killed or wounded. It was charged by one faction that Judge Welch was murdered by a hired assassin and that the ambush of the rangers was instigated by the same faction which inspired the murder of Judge Welch.

There are reports here of continued rioting at Rio Grande City, the extent of which is not known.

## ST. PAUL MAN SHOT.

Mistaken for a Deer by Two Wisconsin Hunters.

Ashland, Wis., Nov. 10.—Severt Hanson, an employee of the Rib Lake Lumber company, whose parents live at St. Paul, was shot and mortally wounded at Rib Lake by two hunters who probably mistook him for a deer. When they saw that they had shot a human being, instead of aiding him they ran away. Hanson, who was engaged in chopping wood at the time, was found by his fellow workmen nearly dead from loss of blood. He was brought to Ashland, but died before reaching the hospital. An effort is being made to find the parties who did the shooting and if caught they will be held for manslaughter.

## Strike-Breakers Beaten.

New York, Nov. 10.—three strike-breakers employed by the New York Transportation company, whose chauffeurs have been out for some days, were attacked by a crowd of men at Forty-sixth street and Eighth avenue at night and so badly beaten that they had to be taken to a hospital.

## DISSATISFIED WITH MAGOON.

Cuban Liberals Want Him to Give Them More Offices.

Havana, Nov. 10.—A determined effort to induce Governor Magoon to begin a general distribution of offices among the members of the Liberal party was made when a subcommittee appointed by the Liberal meeting Thursday night, composed of Juan Eualberto Gomez, Demetrio Castillo, Jose J. Montegudo, Alfredo Zayas and Carlos y Velez, held a two hours' conference with the governor. The result of the conference is not known. On leaving the palace, however, General Velez said the interview was highly satisfactory and that Governor Magoon assured the committee that he would continue the reforms in the municipal government and that an election would be held in June.

While the committee on appointments did not meet to report the result of the conference with Governor Magoon, there was a meeting of the Liberal club attended by 200 members of the party who took part in the recent insurrection, General Reines presiding. The meeting manifested its strong disapprobation of the governor's course in not filling vacancies with Liberals and resolved that if the demands of the party were not promptly complied with to arrange an anti-Magoon demonstration in the form of a parade and mass meeting, the latter to pass resolutions appealing to President Roosevelt to recall Governor Magoon. Furthermore, the meeting appointed a committee to call upon Governor Magoon and demand the reinstatement of Juan R. O'Farrill, former Liberal mayor of Havana.

## STONE IN CINCINNATI

PHILADELPHIA FINANCIER SAYS

HE IS NOT WANTED BY THE  
GOVERNMENT.

Cincinnati, Nov. 10.—Franklin Stone, formerly of Philadelphia and now giving Paris as his home, who is wanted by the government on an indictment charging misuse of the mails in the Storey cotton transaction involving the loss of several millions of dollars, was in Cincinnati during the day, but disappeared before the officials could apprehend him. Last year the Philadelphia papers began an attack on the "get-rich-quick" concerns in that city and among them the Storey Cotton company was named. A run on that concern followed and finally its failure was announced with liabilities of about \$7,000,000. Indictments were returned against Stone and F. Ewart Storey, president of the company. Both had disappeared, however, as also had Mrs. Sophia Lang, the company's stenographer. Detectives failed to locate them. Stone was reported to be in this city during the day and was finally located and subjected to an interview. He said Paris was now his home and that he had several big deals on hand. Asked if he was afraid of arrest, he said:

"Well, I have never been arrested yet. More Americans in Paris know me than know the American ambassador. I am not trying to hide. I am not wanted now by the federal officers, if ever I was wanted by them. I sailed abroad a week before the Storey Cotton company went into bankruptcy. Uncle Sam has no case against me. I was not connected with that concern at all. I knew nothing of being indicted until I arrived on the other side. I am charged with misuse of the mails. This is not an extraditable offense and consequently Uncle Sam has never bothered me and I believe that all charges have been withdrawn, as far as I am concerned, although I really believe I was never considered as involved more than as a possible witness."

"The newspapers have charged President Storey and yourself with getting away with about \$8,000,000. How about that?"

"Oh, that is exaggeration. The Philadelphia North American caused a run on the Storey company and after it had paid out about \$1,500,000 to depositors, representing \$2,500,000, it had to close up doors for want of ready cash. I have no idea where the money went. I got none of it."

"They say President Storey is dead. What about that?"

"Mr. Storey is living in London."

## CONFESSES TO MURDER.

Connecticut Youth Admits Killing an Aged Woman.

Stafford Springs, Conn., Nov. 10.—Charles Bishop, eighteen years old, employed on the farm of Henry Williams, has confessed the murder of Mrs. Williams, the farmer's aged wife, whose body was found in a pool of blood late Thursday in her house, according to a statement made by Coroner R. H. Fisk. Bishop, it is understood, has confessed to taking money from a trunk in an upper room. The confession, it is said, followed a lengthy inquest.

It is understood that Bishop has implicated no one else in the affair.

## SITUATION ONE OF ACTIVITY.

All Lines of Trade and Industry in Good Condition.

New York, Nov. 10.—Bradstreet's review of trade says greater confidence, resulting from the election, marked advances in wages of railway employees, greatly improved collections, large filling in orders, indicating heavy consumption, good business on spring account, a continued scarcity of labor and record-breaking outputs of iron and steel are pre-eminent features of the week. Weather conditions, except in portions of the Northwest, have been quite favorable; retail trade has been active and reorder business from jobbers has been larger than ordinary, and wholesalers report heavy orders booked for spring delivery. As for a long time past, however, complaints of slow deliveries on orders are almost universal, cotton, dry goods, lumber, coal and iron and steel dealers all complaining. Car congestion explains some of this and with present prices of grain accounts for slow movement from the farms, but scarcity of labor is reported largely responsible for the backward deliveries of dry goods. Industry presents as active an appearance as ever, and labor is getting high returns. All in all the situation is one of immense activity.

He was taken to a hospital in Mitchell. The wound is not regarded as serious. Eight of the negroes were taken into custody at Wolsey. The priest will prosecute them.

## AMUSEMENTS

## Radium's Marvelous Emanations

One of the prettiest experiments that will be presented at the forth-coming radium entertainment in this city, is the placing of some radium near a fluorescent screen, the audience seeing the effect of the wonderful casting off of radium vapor or emanations that constantly go on in this remarkable substance, and which scientists estimate will continue uninterruptedly for millions of years to come. The screen is made to appear like a heaven of flashing meteors, among which stars by thousands shine forth suddenly, and as quickly die away; this mimic fireworks display continuing unceasingly. The late M. Curie, after seeing this beautiful vision, spoke of it as one of the most impressive sights he had ever witnessed. At Congregational church tonight.

## Ladies Musical Club Recital

St. Paul Dispatch: Two trios were played by the artists, Miss Ella Richards, Mr. Maximilian Dick and Mr. Fischer, the Arensky op. 32, and the Schumann op. 63. Both trios were artistically read and the interpretation was brilliant and even throughout. Miss Richards, Mr. Dick and Mr. Fischer present an equal grade in the mastery they have attained on their respective instruments. Each deserve that much abused title "artist." They are entitled to it not because of hard work alone, though there has undoubtedly been plenty of that, but because of the possession and development of musical talent of a high order. It was their equality that made so satisfactory the two trios yesterday. The voice of each instrument dominated only when it was intended that it should, and the result was an excellently woven fabric, abounding in warmly colored tones, distinct in pattern and alluringly harmonious.

St. Paul Globe: The players were most happily associated, the violin and cello rarely sympathetic in tone, and the piano always following or leading with a contagious spirit of abandon. The work of the three instruments was highly finished and eloquent of intelligent study and artistic feeling.

## Why is a Woman?

Of course its the utterly useless things that make life attractive, like flowers, bonbons, politics and love. Woman is the dessert to the feast, the trimmings on the garment of life, the spice in the pudding. Of course a man can eat his dinner without dessert or champagne and live his life without them, but somehow he never does. So with women, she could live her life without millinery, nice coats and fine dresses, but she never does, for this reason the Cale Dept. store has gathered together the most comprehensive stock of fine dress fabrics, silks for waists, skirts and dresses, elegant shirt waists and a strong line of walking skirts, coats for women and children, blankets and comforts, underwear and hosiery for men, women and children, suits and overcoats for men and boys, the Red School House shoes for everybody. There is no place in Brainerd where you can get just what you want as well as you can get them at the Cale Dept. Store. The stocks in different departments are so arranged that you can easily find what you want and the clerks are always ready to give you instant and courteous service as soon as you enter the store. Get the habit of trading with Cale and you will always be satisfied.

## STRAY LEAVES

From a Reporter's Note Book.

The passing of the smoke of battle from the political field leaves visible some of the humorous and peculiar phases of the contest.

Down in Sioux City, Iowa, one candidate substituted apples for cigars and went about with a pocket full, while another gave out a bunch of shoestrings with each card.

Col. C. D. Johnson, of the Second ward was elected alderman on a platform the first plank of which declared that every married woman should have a hired girl. Who said the women have no voice in politics?

Over in Clay county a sheriff was elected by writing his name in on the ballots. He was beaten out after a fight in the primaries and a contest in the court and the politicians openly declared that the farmers, who were largely for the defeated candidate did not know enough to write in the name on the ballots. The farmers then showed them where they were at.

Some young boys around town seem to have forgotten that Halloween was past and have been writing on the windows of the business part of town with soap, and the language is not refined that they are using.

Next year will practically make the plank sidewalks a thing of the past. There are comparatively few now and they are rapidly falling into decay. That is one thing of which every Brainerd citizen should be proud. Few cities have better walks.

The new city council will meet for its first session on Tuesday, November 20, the old council finishing up its work on the evening of the 19th. There will be five members who have served before and five new men in the membership.

The farmer with a load of wood is almost as popular with the householders now as he was with the candidates last week.

Charley Kreech, the new county commissioner elect for the 2d district, certainly made a wonderful run, carrying the First ward over Gardner by a majority of 55, carrying his home precinct (Davenport) by a vote of 51 to 5 for his strongest opponent, and Smiley (Henderson's home precinct) practically solid, and getting a clear majority over both of his opponents of 88 votes.

## HAVE BROKEN TRAIN RECORDS

The Record for the Largest Train Ever Brought into Brainerd Broken

TWICE WITHIN ONE DAY  
Seventy-Four Loads Brought From Staples by Engine 2315 Last Night

The largest train ever brought into Brainerd arrived yesterday afternoon. It was pulled by engine No. 2315 with Engineer Fagness at the throttle. Conductor Davis had charge of the way bills which were for eight loads of stock and 68 loads of wheat. The crew returned to Staples with 39 loads and are coming east again this afternoon with another drag of 75 solid loads. The traffic is still very large and only by the most strenuous work are the yards kept even fairly clear. The boys in the yard say as long as they can keep the main line clear they can get along somehow.

## RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

The largest locomotive in the world passed through Perham going west last Saturday. The engine was built at Pittsburg for the Great Northern road. The Pennsylvania railway could not handle the engine because of some tunnels and weak bridges and it was sent back to New York and west over the New York Central system. The Great Northern had some rather weak bridges and the officials were afraid to send the engine west over that line. There are some tunnels through which the engine would not pass. Arrangements were made to send it west over the Northern Pacific and this was done. The engine was in the Staples yard all day Friday and stopped here on a freight train, the company officials were somewhat afraid of the Bluffton bridge which is being constructed, but the engine went over all right. This locomotive weighs 175 tons. It has six drive wheels on each side of the engine, one for the rear drive wheels and another for those in front. This arrangement gives continuous power on each side of the engine. This engine will start 300 loaded cars on a track. The monster took water at the tank here, and nearly drained the water supply.

## Coughs of Children

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. ### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. Address: E. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

### GOVERNOR SARLES DEFEATED.

Democratic Candidate Elected Governor of North Dakota.

Fargo, N. D., Nov. 8.—"We concede the defeat of Governor Sarles by Mr. Burke, his Democratic opponent, by a probable plurality of 2,000," said Chairman L. B. Hanna of the Republican state central committee. "We also concede the defeat of John Knauf, our candidate for judge of the supreme court, by Judge Flisk, on the Democratic ticket, by 6,000. We are confident that the rest of the Republican ticket has been elected."

These figures are regarded as extremely conservative.

Marquette, Mich., Nov. 10.—The first

torney of Lonia, Mich., was shot and  
instantly killed in the woods near  
Fibre, Chippewa county, by S. G. Mil-  
ler, a well known lumberman. Under

## ORDER INVESTIGATION

DEMOCRATIC COMMITTEEMEN IN-  
STITUTE INQUIRY INTO AC-  
TIONS OF MCCARREN.

### ACCUSED OF KNIFING HEARST

BROOKLYN LEADER IS SAID TO  
HAVE WORKED AGAINST THE  
HEAD OF THE TICKET.

New York, Nov. 10.—The Demo-  
cratic state committee met here and  
by a vote of 30 to 13 adopted a reso-  
lution providing for an investigation  
of the Kings county Democratic or-  
ganization, headed by State Senator  
Patrick H. McCarren, during the cam-  
paign just closed. A delegation of  
Brooklyn Democrats, headed by Pat-  
rick Hayes, warden of the Kings county  
penitentiary and a former leader of  
one of the assembly districts in-  
cluded in Senator McCarren's sena-  
torial district, preferred charges against  
the senator and the Kings county com-  
mittee. It was alleged that McCarren  
had "knifed" the head of the ticket  
and urged his followers to do the  
same.

The state committee also took steps  
to defend any action that may be taken  
by the Republicans to overthrow

the pluralities which seem to exist in  
favor of the Democratic candidates on  
the state ticket from Lieutenant gov-  
ernor down.

Chairman W. J. Conners presided.  
Leader Charles F. Murphy of Tam-  
many Hall, Senator McCarren of  
Brooklyn, Norman F. Mack of Buffalo,  
Democratic national committeeman,  
were among those present. Max F.  
Hansen, state chairman of the Inde-  
pendence league, arrived at the Gilsey  
House soon after the committee met  
and was in consultation with a num-  
ber of the members, although he did  
not attend the session.

#### To Discipline McCarren.

There had been rumors for several  
days that some action disciplining  
Senator McCarren might be taken.

Warden Hayes and his associates  
remained with the committee for forty  
minutes and during that time there  
were frequent outbursts of applause.  
The delegation asked that Senator Mc-  
Carren be relieved from further ser-  
vice on the committee. It was de-  
clared by the spokesman that "Mc-  
Carren's place is with the Republi-  
cans." The petition declared among  
other things that McCarren openly ad-  
vocated the election of the nominees  
of the Republican party and used the  
election machinery and the Kings  
county committee to accomplish the  
defeat of the regular Democratic can-  
didate for governor.

It was asserted that the action of  
Senator McCarren and the Kings county  
committee "destroyed the Demo-  
cratic organization of the county and  
made that organization simply an an-  
nex or ally of the Republican organi-  
zation."

McCarren declared in reply that at a  
meeting of the Kings county commit-  
tee he had said some things about Mr.  
Hearst and would make them more

emphatic did he have the opportunity.  
He declared that Mr. Hearst and not  
he, was the bolter.

Subsequent to the meeting it was  
announced that Perry Belmont, rep-  
resentative from the senatorial district  
included in Nassau county, had re-  
signed. Mr. Belmont voluntarily re-  
fused to make way on the committee  
for Former Senator Edward A. Bailey  
of Patchogue, L. I.

#### FRAUDULENT VOTES.

More Than Two Thousand Returned  
in Pennsylvania Districts.

Wilkesbarre, Pa., Nov. 10.—During  
the official election count here testi-  
mony was given showing that more  
than 2,000 fraudulent votes were re-  
turned in seven districts of Foster  
and Hazle townships. As a result  
some of the candidates who on the  
face of the returns seemed practically  
sure of election find themselves in a  
doubtful position.

The election board of the Ninth dis-  
trict of Hazle township were ordered  
arrested and charged with fraud and  
forgery.

#### BOTH SIDES CLAIM KANSAS.

Official Count of the Vote in That  
State Begun.

Topeka, Kan., Nov. 10.—The official  
count of the vote cast in Kansas at  
Tuesday's election has been com-  
menced in each county in the state.  
The official figures from several coun-  
ties already in show decided gains for  
W. A. Harris, the Democratic nominee  
for governor, and Governor Hoch's plu-  
rality will be at least cut down to less  
than 3,000. The Democratic state cen-  
tral committee still claims the elec-  
tion of Harris by less than 2,000 plu-  
rality.

#### Dramatic End of Murder Trial.

Dothan, Ala., Nov. 10.—In a dra-  
matic manner the murder trial of  
William Crockett, a white man, who  
is charged with the murder of Lum  
Henderson, a negro, ended when Judge  
Henry Pearce dismissed the jury with  
a stinging rebuke, declaring that the  
jury had acquitted Crockett because  
he was a white man and had killed a  
negro.

#### General Dodge Again Elected.

Council Bluffs, Ia., Nov. 10.—The So-  
ciety of the Army of the Tennessee  
re-elected General Grenville M. Dodge  
president and selected Vicksburg,  
Miss., as the place of meeting in 1907.  
The closing event of the reunion was  
the banquet. Among the toasts was  
one on "The First President," re-

Roosevelt. The most notable speech  
was that of Archbishop Ireland in re-  
sponse to the toast, "Our Country."

Wish to announce to their friends and patrons that they will be located in their elegant new place of  
business, No. 215 Sixth street south, opposite Post Office, which was lately vacated by E. S. Houghton,  
Next Monday morning, Nov. 12th, when the whole of their immense stock of Clothing, Gentlemen's Fur-  
nishing Goods, Quilts, Rubbers, Blankets, Boots, Shoes, Hats and Caps will be placed on sale at greatly  
reduced prices. The management takes this step in order to introduce their customers to the new place  
of business where they will, with the new facilities offered by more room and better location, be able to  
cater to the wants of the trade in a manner more satisfactory to themselves and the public.

## A Few Words to the People who Send Away to Catalogue Houses.

Come to our store and we will sell to you for the same price the catalogue house quotes, and you can  
save freight and SEE WHAT YOU BUY. Every piece of goods guaranteed. Come and see so you can  
convince yourselves. We will expect everybody in our new place on Sixth Street South, No. 215, on Mon-  
day morning for our first day of business on Sixth Street. We have been about three years in the Gard-  
ner block and have done well, but the place is too small and a little out of the way.
